

Keith's Class by Keith Rubow

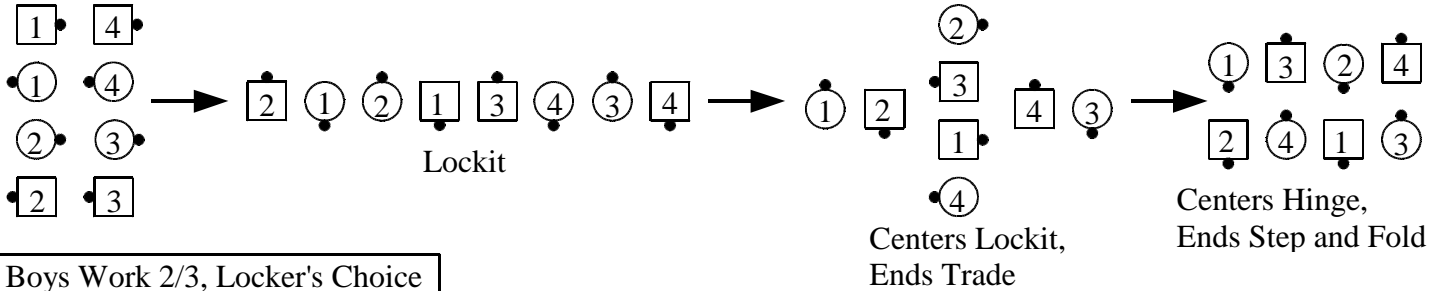

Locker's Choice/Choice

Welcome to Keith's Class. This month we will look at Locker's Choice/Choice. This is an easy call from the standard starting

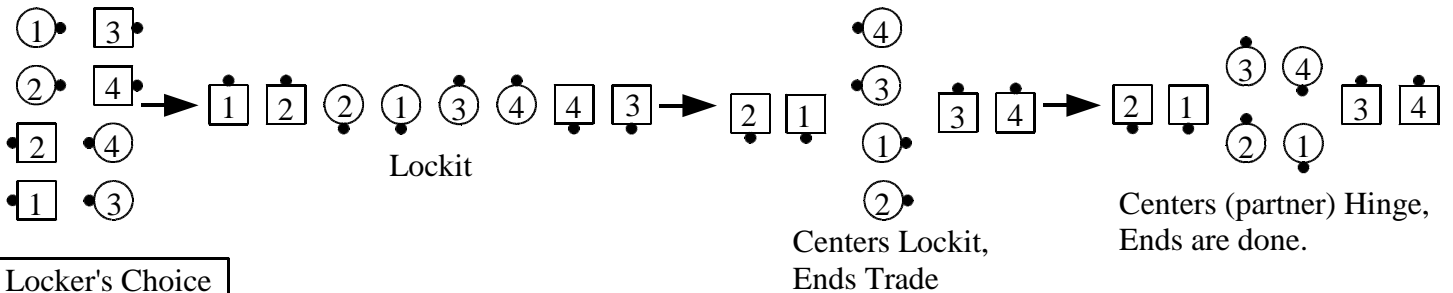

formation, but can get quite tricky.

DEFINITION: Lockit. Centers Lockit as Ends Trade. Centers Hinge as Ends Step and Fold. Choice leaves off the first Lockit. This is often called as <anything> er's Choice, where the <anything> replaces the first Lockit.
